RATINGS

Rating Action: Moody's Ratings downgrades BRB's ratings to B3; ratings placed on review for further downgrade

26 Nov 2025

New York, November 26, 2025 -- Moody's Ratings (Moody's) has today downgraded BRB-Banco de Brasília S.A. (BRB)'s long-term local and foreign currency bank deposit ratings to B3 from B1. Concurrently, we also downgraded the bank's Baseline Credit Assessment (BCA) and adjusted BCA to b3 from b1, as well as the long-term local and foreign currency Counterparty Risk Ratings to B2 from Ba3. The long-term counterparty risk assessments (CRs) were also downgraded to B2(cr) from Ba3(cr). All of these ratings and assessments were placed on review for further downgrade. The outlook was previously stable.

At the same time, the Not Prime (NP) short-term local and foreign currency deposit and counterparty risk ratings, and the Not Prime(cr) counterparty risk assessment were affirmed.

RATINGS RATIONALE

The downgrade of BRB's BCA to b3 from b1 reflects heightened concerns over the bank's risk management guidelines and controls following alleged fraud in sizable acquisitions of loan portfolios from Banco Master S.A. (Master), currently under investigation. As part of our review, we will evaluate the findings of the investigations and will assess potential implications on BRB's asset quality, capitalization and earnings, the ability of the bank to protect its funding and liquidity position during a period of negative publicity, as well as the strategic changes the bank will need to implement.

While BRB's chief executive and financial officers were removed by the bank's board, the bank is also conducting an independent internal review to identify potential deficiencies and strengthen its governance structure.

Through its agreement with Master, BRB acquired the majority of the total BRL12.3 billion in payroll loans purchased during the first half of 2025, representing 21.4% of its credit book as of June 2025. After identifying breaches of contractual terms in payroll loan sales, BRB requested Master to replace approximately BRL10 billion of these loans with other assets, including corporate loans and investment funds. Although details of these assets are not available, based on Master's asset composition, we expect the replacements could add concentration risk to BRB's asset quality profile, which is otherwise largely composed of granular loans and secured products. At the same time, BRB's weak capitalization, as evidenced by its regulatory CET1 ratio of 8.1% as of June 2025, and low recurring profitability limit its loss-absorption capacity.

Our review will conclude once there is greater clarity on the impact of the investigation, as well as on the composition and quality of the assets absorbed from Master following the substitution of the original loans.

Environmental, social and governance (ESG) considerations are a key driver of today's rating action. BRB's governance and credit impact scores were lowered to G-4 from G-3, and to CIS-4 from CIS-3, respectively. The bank has pursued an aggressive growth strategy while showing signs of insufficient commensurate strengthening of its risk infrastructure, oversight, and capital buffers to mitigate associated risks.

FACTORS THAT COULD LEAD TO AN UPGRADE OR DOWNGRADE OF THE RATINGS

Our review for downgrade of ratings and assessments assigned to BRB will focus on whether material losses are likely to crystallize from alleged fraudulent loans and asset substitutions, as well as the bank's ability to absorb such losses and the broader implications for its funding profile. A material deterioration in the funding or liquidity will be credit negative for the ratings. Given the direction of the ratings review, rating upgrades are

unlikely upon completion of the review.

BRB's BCA and ratings could be confirmed at the conclusion of the review if we determine that potential losses are unlikely to erode the bank's capitalization and that reallocated assets will not materially weaken its asset quality or liquidity fundamentals. Stabilization of the BCA will also hinge on the bank implementing effective measures to strengthen its risk and governance framework.

The principal methodology used in these ratings was Banks published in November 2025 and available at <https://ratings.moodys.com/rmc-documents/454566>. Alternatively, please see the Rating Methodologies page on <https://ratings.moodys.com> for a copy of this methodology.

BRB-Banco de Brasilia S.A.'s "Assigned BCA" score of b3 is set three notches below the "Financial Profile" initial score of ba3 to reflect for the issuer's high risk appetite for asset growth, expected near-term pressures on profitability and capitalization, and concerns over bank's risk management and governance.

REGULATORY DISCLOSURES

For further specification of Moody's key rating assumptions and sensitivity analysis, see the sections Methodology Assumptions and Sensitivity to Assumptions in the disclosure form. Moody's Rating Symbols and Definitions can be found on <https://ratings.moodys.com/rating-definitions>.

For any affected securities or rated entities receiving direct credit support/credit substitution from another entity or entities subject to a credit rating action (the supporting entity), and whose ratings may change as a result of a credit rating action as to the supporting entity, the associated regulatory disclosures will relate to the supporting entity. Exceptions to this approach may be applicable in certain jurisdictions.

For ratings issued on a program, series, category/class of debt or security, certain regulatory disclosures applicable to each rating of a subsequently issued bond or note of the same series, category/class of debt, or security, or pursuant to a program for which the ratings are derived exclusively from existing ratings, in accordance with Moody's rating practices, can be found in the most recent Credit Rating Announcement related to the same class of Credit Rating.

For provisional ratings, the Credit Rating Announcement provides certain regulatory disclosures in relation to the provisional rating assigned, and in relation to a definitive rating that may be assigned subsequent to the final issuance of the debt, in each case where the transaction structure and terms have not changed prior to the assignment of the definitive rating in a manner that would have affected the rating.

Moody's does not always publish a separate Credit Rating Announcement for each Credit Rating assigned in the Anticipated Ratings Process or Subsequent Ratings Process.

These ratings are solicited. Please refer to Moody's Policy for Designating and Assigning Unsolicited Credit Ratings available on its website <https://ratings.moodys.com>.

Regulatory disclosures contained in this press release apply to the credit rating and, if applicable, the related rating outlook or rating review.

At least one ESG consideration was material to the credit rating action(s) announced and described above. Moody's general principles for assessing environmental, social and governance (ESG) risks in our credit analysis can be found at <https://ratings.moodys.com/rmc-documents/435880>.

The Global Scale Credit Rating(s) discussed in this Credit Rating Announcement was(were) issued by one of Moody's affiliates outside the EU and UK and is(are) endorsed for use in the EU and UK in accordance with the EU and UK CRA Regulation.

Please see <https://ratings.moodys.com> for any updates on changes to the lead rating analyst and to the Moody's legal entity that has issued the rating.

Please see the issuer/deal page on <https://ratings.moodys.com> for additional regulatory disclosures for each credit rating.
